Skills

Programming Languages: JavaScript (ES2015+), TypeScript, HTML, CSS, Sass, Python

Libraries and Frameworks: React, Next.js, Node.js, React, Native, Express.js, Tailwind CSS, Styled Components, Ethers.js

Tools & Platforms: Git, GitHub, GitHub Actions,j Vercel, Cloudflare, Digital Ocean, AWS, Docker, Figma, Linux, Proxmox, TrueNas, Portainer

Projects

HomeLab – Proxmox, TrueNas, Portainer, Linux
A sandbox dev environments that lets me practice deployments, development environments, virtual machines, docker containers, and hosts my own cloud for personal storage across devices.

Etchmon Acid VS Code Theme – JavaScript, Node.js, CSS
A custom VS Code theme using high contrast colors on a dark theme to emphasize readability and lessen eye strain. It is available on VS Code MarketPlace and is continually being worked on.

Jamesetchells.com – TypeScript, Next.js, Tailwind CSS, Cloudflare, Wrangler, Node.js, GitHub Actions
My personal website, deployed on Cloudflare Pages with DNS redirects to my custom domain name. Developed using Next.js and Tailwind CSS and implements a GitHub Actions CI/CD pipepline that triggers on successful PR merges and deploys to production using Wrangler.

Professional Experience

Personal Trainer · **YMCA Ryan** Oct 2023 - Present
